I am currently a Project Manager with HDR in the Roadway Design Section. I have been with HDR for a little over 2 years. Previously I worked for another consulting firm in Kansas City for 10 years. I graduated from the University of Nebraska – Lincoln in 2003 with a Bachelor’s Degree in Civil Engineering. I have worked on a variety of projects ranging from small intersection reconstruction projects to KDOT’s first design-build project with construction costs nearing \$300 million.

In 2014 my wife, Brooke, and I, along with our two daughters, Gabriela and Katelyn, moved back to Omaha to be closer to family. We both grew up in the Omaha and Lincoln areas and our free babysitters (aka parents) are still in Omaha and Lincoln. We enjoy volunteering at our church and traveling to visit friends and extended family. As often as I can I try to sneak away to the golf course, which seems to be less and less as my daughters get older.
