Allison Sambol is an Environmental Scientist and NEPA Specialist focused on public and private sector work related to transportation, natural and socio-cultural resources, stormwater management, hazardous materials, education/outreach, and facilitation of training. She is one of FHU's top project managers, HazMat technical lead, a senior QA-QC reviewer for environmental documentation, Iowa market lead and helps manage FHU's NDOR On-Call Contract Team for Environmental Documents. Allison's project experience ranges throughout NE, IA, SD, KS, and CO.

Allison received her B.S. and M.A. degrees in Geography from the Universities of Nebraska at Kearney and Omaha, respectively. She is a certified NDOR NEPA Consultant, Erosion & Sediment Control Inspector, and has several regulatory specific certifications such as ASTM 1527-13, HAZWOPER, 40-hour wetland training, and NHI Advanced NEPA and Section 4(f) training.

At home, Allison enjoys spending time with her family. Husband, Jeremy Sambol is a market research manager for Mutual of Omaha. Daughters Lauren (7) and Emelyn (4) enjoy school, getting to know their new neighborhood friends, and playing with their Schnoodle puppy, Copper. We enjoy being in the outdoors, attending plays and musicals at The Rose Theater, local sporting events, and movie night among lots of other things.
