I have been with Kirkham Michael for a total of 18 years, 16 years the current duration. I am a graduate of Southeast Community College, Milford with an Associate's Degree in Surveying and Cadd Technology. I am also a Registered Land Surveyor in 6 states throughout the Midwest.

Since September of 2016, I have been the Nebraska operations Manager for KM Nebraska, which includes offices in Omaha, Lincoln and York. I also oversee the Field Services Group for all of Nebraska, which includes Surveying, Construction Engineering and Inspection. Prior to working at KM I owned a surveying company in Columbus, Nebraska.

My wife's name is Kim and she works for Alegent Healthcare. We reside in Missouri Valley, Ia. We have 2 grown children, Colten, my son, and his wife Hannah, live on the family ranch in Neligh, Nebraska. My daughter Conner is currently finishing her bachelor's degree at Bellevue University. My wife and I are also involved in our family cattle business, which is located in Neligh, Nebraska. In my free time I enjoy golf, hunting and fishing.
